

ORLAND DON HARDEN, infant son of George and Maggie Harden, was born March 12th, 1893, and died January 20th, 1896, aged 2 years, 10 months and 8 days. Little Don was an exceptionally bright child, the idol of the home as well as of the grandparents on both sides. He was every body's little friend, always having a word for every passer-by. This was the last jewel of the family. Little Morris preceded him October 8th, 1895, and home would be desolate except for the presence of Jesus. God bless and comfort the broken-hearted parents.
