Herman F. Ehinger

Death again rode the highway this week, this time bringing to a sudden close the lives of Herman F. Ehinger, manager of the Citizens Telephone Co., and **Hugh Hite**, former Adams county treasurer and business man.

Adams County could boast of no finer citizen than Herman F. Ehinger. He had friends all over the county, and possibly did more to weave friendship among the people of the county than any other individual. He was a public-spirited citizen and believed in progress and building for the future. We knew him well, and admired him for his many fine qualities.

**Mr. Hite** was a former county treasurer, and a sterling man. While not acquainted with him personally, we feel that his death is also a great blow and loss to all who knew him.
