(Describe physical and mental conditions, appearance and behavior of patient.) Well oriented - has no particular paranoid affection. Apparently at this time no delusions or illusions. She does feel her parents restrict her too much and becomes angry with them and has "temper tantrum".

STATEMENT OF MEDICAL EXAMINER

I, H.F. Zwick M.D., of Decatur in the County of Adams Indiana, do hereby certify that I am duly licensed to practice medicine in Indiana; that I am not related, by consanguinity or marriage, to Viola May Augsburg of said County, who is alleged to be insane, and whom I have carefully and personally examined this 5th day of Feb. 19 52; that I am of the opinion that she is mentally ill and is a proper person for detention, care and treatment in a State Hospital; and that I have formed my opinion that she is mentally ill from the following facts observed by me.

(Describe physical and mental conditions, appearance and behavior of patient.) Patient is of rather low mentality but well oriented as to time and place. No delusions or hallucinations - avoided any references to reasons for her being sent to jail, stating that she was there to learn something. Said she had disagreements with her parents at times.

I have also received the following information from others relative to the patient's condition:

Parents state that she is becoming unmanageable at home. She does very little work, only when she is in the mood, when they attempt to correct her she becomes threatening and at times rather violent. It is fear that she will harm them that makes them ask for her admission to a hospital. At the jail she becomes quite noisy for 8 - 10 hours apparently when she thought she was to be taken away.
