NEPHEW IS VICTIM OF TRAFFIC WRECK

Mr. and Mrs. Arlie Bollinger attended funeral services in Jackson, Michigan, Thursday, for their grand-nephew, Richard A. May, 17, who was fatally injured in a traffic accident earlier this week. They were accompanied by two cousins, Joan Meyer and Florence Snyder.

The lad's left lung was used in Michigan's first lung transplant Monday at the University of Michigan. Hospital authorities also received permission to take the youth's heart, kidneys and corneas for the hospital's transplant bank.

The victim's parents said their son had often spoken of transplants, saying he thought they were a very good thing, the father said.

The traffic victim is survived by the parents; two brothers, Paul D., Jr., and David Lee; and his grandparents, Mr. and Mrs. Oral L. Molden, of Pleasant Lake, Mich., and Mrs. Louella May of Jackson.

The lad's grandfather, Jesse Lee May, was born and reared in Decatur and served in old Company A during World War I.
