

IN PRINCETON HIGH

In Princeton High, we can't get by
With all the little tricks of yore,
Dropping pennies on the floor,
We tried that scheme, it was a scream,
Not like our wildest dream.

CHORUS:

Dropping little pennies down upon the floor,
While Mr. Cockrum stands within the door,
We all looked demure, innocent, and pure,
While the little pennies fell from all around
And the noisy feet did make a shuffling sound.
Musical pennies, in dreams again I see
What a tinkling calamity!

In Princeton High, we can't get by
With all those little schemes of yore;
Dropping perfume (?) on the floor,
Oh my, what a dreadful smell—
Smelled just like—well I cannot tell
That awful, awful smell!

CHORUS:

Oh what whiffs of perfume came unto my nose,
Quite a bit unlike the lily and the rose,
Filled the silent air, breathe we didn't dare!
Oh what fragrance rose within our ranks that day!
Little thought had we for any work or play.
Most fragrant AMMONIUM VALERIANATE!!!!
Sing now this hymn of hate.

Note: Maurice Wilkinson sang this touching, local ballad at the Minstrel Show of the FALL FESTIVAL.

APROPOS OF THE CLASS BABIES

Baby knows the laws of nature
Are beneficent and wise;
His medulla oblongata
Bids my darling close his eyes.

And his pneumogastrics tell him
Quietude is always best,
When his little cerebellum,
Needs recuperative rest.

CLASS BABIES.

Chinese Ode to a Teacher

Teachie, teachie, all day teachie,
Night grade papers, nervie creepie,
No one kissie, no one huggie,
Poor old maidie, no one lovie."

"So! Now 'tis ended, like an old wife's story."

FOOD FOR THOUGHT FOR THE EFFICIENT PUPIL

Dr. McCollum, of John Hopkins University, one of the leading authorities on food, says:

"The people who have used milk and its products liberally are the people who have achieved, who have become large, strong, vigorous people, who have reduced their infant mortality, who have an appreciation for art, literature and music; who are progressive in science and in every activity of human intellect."

The above statement is very well substantiated by the Princeton High School Athletic and class records for efficiency, as from information at hand, nine out of ten of the most efficient in each use liberally of milk and butter.

THE BEST OF EVERYTHING IN MILK PRODUCTS
