

## Two Dead and Seven Sick with Typhoid Fever

The home of Mr. and Mrs. Metzger, five miles west of this city, is certainly a sad one. Disease has laid its heavy hand on the family in no uncertain way and already two of the household have passed away. The first death occurred over a week ago and the second Saturday evening at 7 o'clock when Edwin Metzger, 19 years, breathed his last. He was interred in Green Park Cemetery Sunday at 2 o'clock by Undertaker Hines.

Seven others of the same family are ill and were unable to even attend the funeral.
