

Budgie BURRIN & Billy MACHLEDT Wreck Speeder  
Waveland Independent  
Waveland, Montgomery County, Indiana  
July 10, 1931

Billy MACHLEDT and Budgie BURRIN got together a few spare parts, wheel, etc. including the ironing board and made a "speeder." It had a lot of speed, especially going down hill, so it dumped them on the Vandalia Hill all in a heap. Billy had a badly bumped and skinned shoulder and Budgie had all the outer fabric taken off his elbow. But they are not a bit discouraged. Investors never are.
