

KEZIAH MONTGOMERY CANINE _ stabs self in ear with knitting needle - YOUCH

Source: Crawfordsville Weekly Star Dec 8, 1887

A peculiar accident happened to Mrs. C.L. Canine one day last week. She was sitting near the door knitting, and stopped to scratch or pick her ear with a knitting needle when Mr. Canine opened the door from the outside, which struck her hand and drove the needle through the drum of her ear, causing a very bad wound - *typed by kbz.*
