

PETER FISHER

Source: Crawfordsville Indiana Weekly Argus News Jan 16, 1892

Mr. Peter Fisher requested Sheriff Bible to have the Argus New publish the following to set him right before the people at large: "I expect now I was out of my mind when I cut Fred Shwitzer's ear. But it was Shwitzer's fault. If he knew anything about the affair (the burning of Fisher's store years ago) he should have said it long ago and not blame him 23 years after it. I had nothing insured as can be proven in the insurance office I didn't see Tom Patterson when I was in Denver, Colorado.. What was in the papers was not correct."

The above sets Mr. Fisher right in this community.
