

NEW FIREMEN

Source: Crawfordsville, Indiana Weekly Argus News Feb 4, 1899 p 2

Jas. P. Grimes and Flute McGilliard, the recent additions to the fire department, went on duty this morning. No arrangements have been made, it seems, for hauling the ladder wagon to fires. CO McFarland, of the transfer barn, submitted a proposition to have a team in readiness at all times and at first the council was disposed to look upon the scheme with favor but some objects were raised and they are now at sea. The purchase of a new team will probably be the result. - kbz
