**Floyd McNorton, six-year old lad who was struck by an auto driven by Earl Barker, Thursday was reported this afternoon as resting well. He had been complaining of his head hurting but was better this morning, behind a school hack, directly in the path of the auto yesterday morning and before either he or the driver of the machine could realize the danger he was struck. He is now at the home of his grandmother, Mrs. Samuel Snyder of one mile and a half west of the city. - *kbz***
