

## **RED MEN**

**Source:** Weekly Argus News, Jan 5, 1894 p 7

The new Peterson Hotel was full of Indiana last night who had gathered there from Lebanon, Flora, Delphi, Thorntown and this city to hold a council and organize another tribe. They completed their work at 5:30 o'clock this morning, having adopted 36 pale faces and established Choctaw Tribe No. 194. A banquet was served by Miss Bert Harlow and a good time indulged in. Everything wound-up with a war whoop by the new red skins.
