Ben CANINE has bought the old DIETRICH block, last owned by John SHARP and occupied by him for many years as a blacksmith and wood working shop. Before that John Dietrich and later, Elmer Dietrich carried on the same business. Uncle John loaded many thousands of shells in the time when shooting at clay birds was a popular sport. There were very few who could equal Uncle John's score with a shotgun. Ben says he bought it to look at, but he may make an assembling plant for Chevies-wrecked ones-but for the present Ott Kolling and Charles Brooks will continue to occupy the building.
