

1834 - Jones Tavern for Sale

Source: Crawfordsville Record, Crawfordsville, Montgomery County, Indiana 17 May 1834

The subscriber offers for sale the lot and buildings where he now resides, on Main Street in the town of Crawfordsville. The buildings were constructed for a Tavern, and occupied first by Mr. R. Jones and last winter, by Resin V. Jones, since that time as a private dwelling. There is a large stable, a garden, a good well close to the kitchen. The house is large, calculated for a public house; has been much improved by the subscriber, and with a small additional expense, would be calculated for a large establishment. For terms apply to the subscriber on the premises. John Thomson - Crawfordsville, January 21, 1834
