

LAMPSON -- (Lamson)

Source: Crawfordsville Weekly Journal 28 August 1896 Waveland news –

About 12:30 Saturday night the fire bell rang out and awoke the citizens from their slumbers to find Lampson & Gilland's Livery Barn ablaze. The horses and rolling stock were gotten out, but the barn with the hay and corn was a total loss. The fire department did good work in saving other buildings. They moved into their new barn Monday and were ready for business. Samuel Shawl is tearing down the old building, preparatory to erecting a nice dwelling.
