

3 Fire

Source: Crawfordsville Star, Aug 11, 1893 p 1

The fire alarm on Tuesday was caused by a blaze in the barn on the property occupied by the Orphan's Home, corner of Washington and Jefferson Streets. Loss trifling.

The little blaze that called out the fire department on Wednesday evening was a little flame in a shed to the rear of Lyle & Reynolds foundry.

The sending in of a day light fire alarm should be the occasion of a taking the census of the city. It is a very dull day when a fire alarm does not bring a thousand people on the streets.
