# Hixon Cemetery

**Wabash Township, Parke County, Indiana (39.7550N - 87.3492W)**

In 2008 the Hixon Cemetery Association Ltd. was formed as a non-profit, tax exempt, 501 (3) (c) Indiana Corporation. At that time, the Association was recognized by the Parke County Commissioners as the organization responsible in perpetuity for the restoration, care and maintenance of the Hixon Cemetery.

A part of the work of the Association has been to create an accurate burial registry and plot map of the cemetery. The following pages contain the results of this effort carried out over two years. This document is a compilation of existing cemetery information as well as new and updated data obtained by walking the cemetery and documenting the location and information contained on all readable gravestones.

The cemetery has been divided into three sections: East, Center and West. Rows of graves stones were identified in each section and given a numeric designation, e.g. "E1" (row 1 in section E). Within each row, individual graves were assigned plot numbers, e.g. E020. Maps illustrating the position and layout of the various sections, rows and plots are included here.

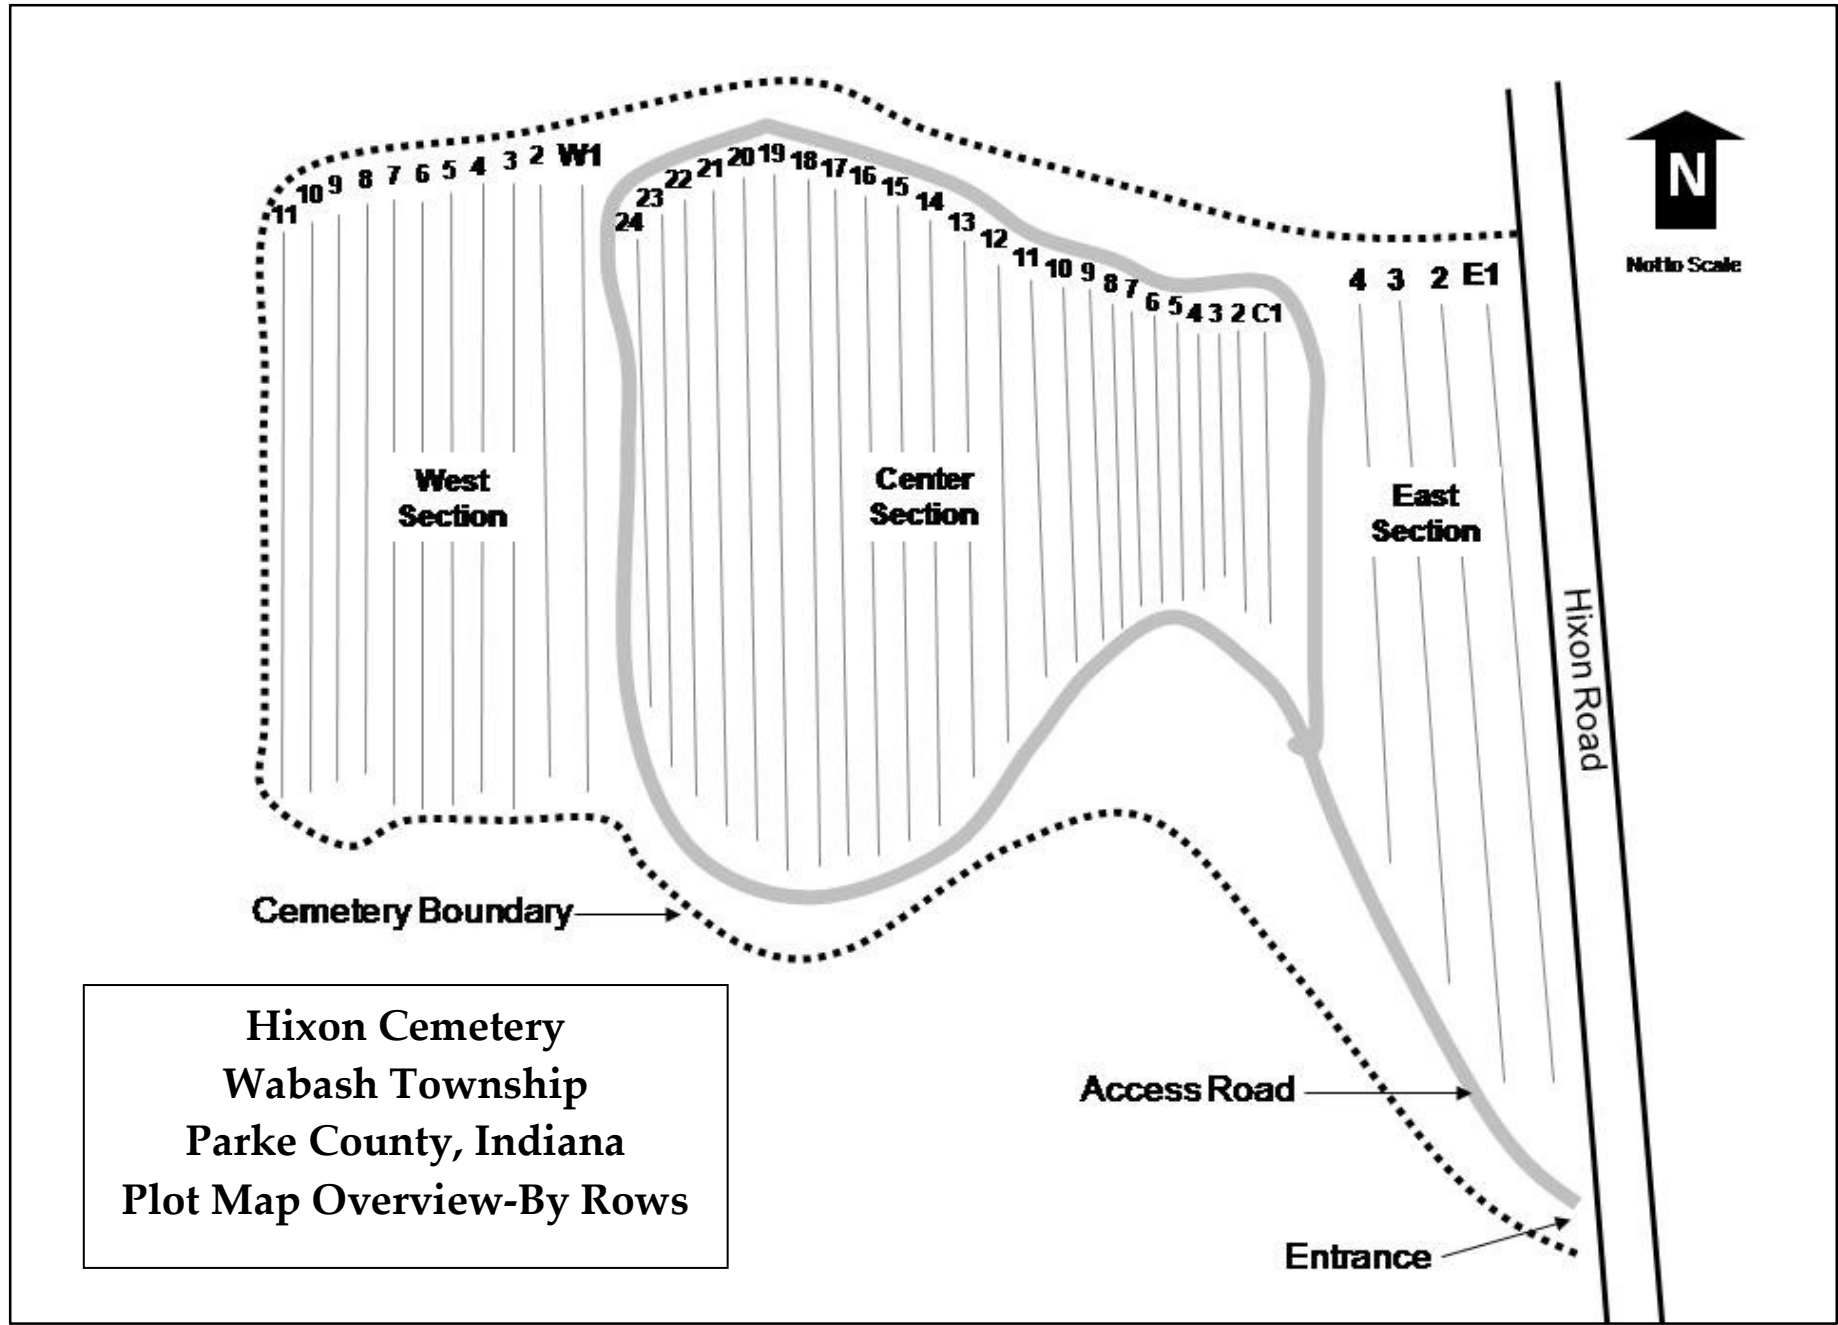

Also included is an alphabetic listing of each known burial in the cemetery and, where known, the plot location of the grave. Unfortunately, due to the age of the cemetery (established in 1853) and the general deterioration of many gravestones with time, there are numerous unmarked graves. While this is very regrettable, in reality there is no reliable or practical way to resolve this issue.

Despite a genuine effort to record and document the specific details of each individual burial as accurately as possible, there are undoubtedly some errors. Any errors that may exist are unintentional and will gladly be corrected if new information is obtained.

There is an on-going need for financial support of the Association through membership dues and other donations. Annual membership in the Association is \$10 with donations in any amount gladly accepted at any time. All donations go to complete gravestone restoration, repair and on-going maintenance of the cemetery.

We hope you find the information provided here to be useful. To provide new information or to support the Association, contact us at Hixon Cemetery Association, Ltd., P.O. Box 525, Montezuma, IN 47862. 765-569-5935. Email: mblewman@yahoo.com

Notes:

1. Plot numbers were assigned after new burial registry and plot map was created in 2010. The entire cemetery was walked and each grave name and location recorded. This information was compared to and combined with the sources of information listed below to create the updated burial registry provided here.
2. **UG** denotes "Unknown Gravesite". The actual burial sites for many individuals at Hixon cannot be found due to unreadable, broken, or lost gravestones. Unscientific "dowsing" methods have been used in an effort to locate possible unknown gravesites. While these sites have been marked "UG", the accuracy of this method of location is not guaranteed. Further, even though dowsing might indicate a possible gravesite, determining the specific person possibly buried at that site is impossible.
3. The **Gray Text Highlight** denotes a veteran.

**Sources of Information:**

- 1 - Cemetery Records of Parke County, Rockville Public Library.
- 2 - Hixon Cemetery Grave Listing, Parke County Internet Site, Data entered by Carol Ealey.
- 3 - Mortuary Records – Barnes 1939-1970, Butler 1961-1977, (Parke County 929.2), Rockville Public Library.
- 4 - Funeral Home Records 1921-1942, 1950-1952, 1956-1962, (Parke County 929.2), Rockville Public Library.
- 5 - Additional information on Veterans was obtained from: (1) a listing in the VA Office in Rockville Courthouse of veterans buried in Hixon Cemetery; (2) an old Hixon Cemetery journal containing a listing of veterans; and (3) name updates from Ivan Carroll, a patron, neighbor and caretaker of the cemetery.

# Center Section (Rows C1 - C4) - Hixon Cemetery

(Gray Background Behind Name = Veteran's Grave)
